Dudley CCG - Register of Procurement Decisions 2018 -2019

As at the 18 January 2019

The CCG Procurement Register is a register of procurement decisions taken, who was involved in making the decision and a summary of any conflicts of interest in relation to the decision and how this was managed by the CCG.

This allows us to demonstrate that we are acting fairly and transparently and in the best interest of our patients and local population. All CCGs must maintain a register of procurement decisions taken. This is in line with the requirements of the document "Managing Conflicts of Interest: Statutory Guidance for CCGs" published in December 2014 by NHS England
